CLEAN-CRAFTED COMMITMENT
WINE CONSULTANT

ABOUT SCOUT & CELLAR

Founded in 2017, Scout & Cellar is a socially responsible Clean-Crafted™ winery that has created a higher standard for how wine is made. Synthetic chemicals? Gone. Artificial ingredients? Also gone. The result is Clean-Crafted™ wine, a cleaner, more delicious option made simply and honestly. A company, owned and led by an Inc. Female Founders 100 honoree and an Ernst & Young Entrepreneur of the Year® 2020 Southwest Award winner, Scout & Cellar's mission is to be the steward of Clean-Crafted™ and the champion of happier, healthier living. Scout & Cellar products are available online at scoutandcellar.com where you can shop directly or with the help of our network of Independent Consultants who share a passion for the wine and the standard by which it is made.

ABOUT OUR CLEAN-CRAFTED™ COMMITMENT

The Clean-Crafted Commitment requires that grapes are farmed without toxic pesticides, and that wine is produced without synthetic processing aides and is low in sulfites. It is a standard consumers can trust because its requirements are verified by internal review of documented viticulture and winemaking practices and validated by independent lab testing. Additionally, the finished wine must meet a high threshold of quality. Specifically, the wine must be assessed for quality by our internal tasting panel consisting of a trained sommelier and experienced quality assurance and wine procurement experts.
